Product Catalogue

**FEELING GOOD
IN YOUR CLEAN
HOME**

The goal of the YORK Prestige brand was to fulfill our customers high expectations. In this range you can find modern design, high quality materials and trendy colours. With all these features, our brand is identified in the premium price segment, which is very profitable for our customers.

The products that represent this range are not only functional and ergonomic, but also have an attractive and esthetic design. Their unusual character is the result of our DUO idea. The DUO system is mainly visible in the products which are made of two plastic compounds - elastomer and polypropylene in two types of bristle and two colours of particular elements. Ergonomic, anti-slippery handles are also proof of great quality and unique nature.

During our production we use advanced semi products and raw materials which places our products as the premium quality brand. Exquisite colours of the Prestige products put them on the top shelf among other available products on the market. Thanks to all of these, TheYORK Prestige brand is irreplaceable in every household. Perfection at a reasonable price.

OUR RECOMMENDATION
